

CELEBRATE AT LONG BAY VILLAS ANGUILLA

Choose Your Stay Dates

First select your rental dates in Sand, Sea or Sky Villa. Rent one villa or combine two or all three to sleep up to 33.

If you plan to be legally-married on Anguilla, both of you will need to be on island at least two days prior.

Events at Long Bay Villas Anguilla require a minimum number of nights stay which varies by season.

Nightly rental rates plus 10% government tax and 10% rental service charge are priced separately.

For larger groups, Long Bay Villas can be combined with Santosha Villa Estate next door to sleep up to 56 people with room on and off the beach for hundreds of event guests. Please contact us with any questions.

Choose Your Celebration Type

Local law requires a man and woman seeking to be legally-married on Anguilla to be married at the court house or in one of the island's Protestant or Catholic churches after being on island for at least two days prior and after fulfilling license application requirements with the magistrate. It can then be followed by a symbolic service anywhere you wish.

As an alternative, couples of all types and religions may choose to marry prior to arriving on Anguilla and/or hold their commitment service, symbolic wedding or vow renewal at the villa or on the beach.

Legal Marriage at the Anguilla Courthouse

We will facilitate arranging your marriage license and appointment to be married in advance and on your behalf.

On the day of your marriage (minimum 48 hours/two days later) we can transport both of you to and from the courthouse and facilitate procuring and paying all license, courthouse, marriage certificate, stamp and any applicable apostile fees for you.
